

Wet Wells

Cantilever

- *Eliminates submerged seals and bearings*
- *Best for severe abrasive or corrosive service*

HEAVY DUTY ROLLER AND BALL BEARINGS
Absorb all loads dependably

LARGE 4" SHAFT
Handles chopping and pumping with minimal shaft deflection

NO SUBMERGED SEAL OR BEARINGS
Reduces contamination

CAST ALLOY STEEL IMPELLER, CUTTER BAR AND CUTTER NUT
Case hardened to minimum 60 Rockwell C hardness for wear and impact resistance
